### "Mentoring a Spirit of Gentleness"

creating a culture of hope

May 23, 24, 25, 2016

9 AM - 4 PM

◆ Sharing Meadows, St. Timothy Center

Please join us for a 3-day workshop on Gentle Teaching, hosted by The SHARE Foundation and produced in collaboration with GLOBE STAR LLC and The Quality of Life Institute, Inc.

The SHARE Foundation honors a Christian tradition that we will celebrate and incorporate into our three days, from the morning blessing/service, officiated by president and founder Fr. Blaney, and throughout the day in the workshop activities.

Our theme this year is 'A Culture of Hope.' The blossoming of hope is cultivated through one's engagement and experiencing of meaningful moments, as these cultivate new moral memory. New moral memory overrides 'present-past' memory and projects a new view of one's present and future 'story' (quality of life). As professionals, the initiating of possibilities and the invitation to engage others in the exploration of these, is something we can do. We'll learn about Gentle Teaching initiatives that engage others in meaningful moments. Mentoring a spirit of gentleness leads one toward a heartfelt awareness of present possibilities, based on what becomes trusted (relationship); anticipated (quality of life); and hoped for (a culture of gentleness).

Dr. Anthony M. McCrovitz of Globe Star, and Maurits Eijgendaal of Denmark (former president of Gentle Teaching International and current president of ISNA-MSE), will be the presenters and moderate the workshop activities.
